HCANJ BUSINESS MEETING LEGISLATIVE AND REGULATORY UPDATE November 10, 2021

1. <u>Rule Adoptions</u>

• The Department of Human Services Division of Medical Assistance and Health Services adopted new rule N.J.A.C. 10:49A to implement Nursing Facility Patient Care Ratio Requirements. The rule was adopted with non-substantial changes to the original proposal.

Notice of this adoption appears in the October 18, 2021 *New Jersey Register* at 53 N.J.R. 1783(a). The effective date was October18, 2021.

• The Department of Human Services, Division of Medical Assistance and Health Services published notice of readoption of N.J.A.C. 10:72 concerning the Special Medicaid Programs Manual, which extends Medicaid eligibility to certain persons not eligible under the provisions 10:71, Medicaid Only beneficiaries.

The Department recognizes that further rulemaking is necessary to update these rules to address ongoing changes to the program. To that end, the Department is preparing a notice of proposal with substantive amendments to this chapter to be published following this readoption, which is intended to prevent the chapter from expiring.

Notice of this adoption appears in the November 1, 2021 *New Jersey Register* at 53 N.J.R. 1846(a). The effective date was September 28, 2021.

2. Public Notices

• <u>The Department of Health published notice of its March 29, 2021 receipt of a petition</u> for rule making requesting changes to *N.J.A.C. 8:39-43.10* concerning criteria for <u>eligibility of instructors/evaluators of nurse aide training programs.</u> The petition was submitted by HCANJ in conjunction with the New Jersey Hospital Association, Leading Age, the New Jersey Business and Industry Association along with county college and vocational school organizations.

The petition notes that State requirements for the eligibility of instructors/evaluators of nurse aide training programs are more stringent than the requirements of the Centers for Medicare and Medicaid Services and requests that the Department relax the requirements to mirror the nurse aide instructor requirements in the referenced Federal regulation. The objective is to establish more nurse aid training programs to address the workforce shortage.

Notice of receipt of this petition for rulemaking appears in the November 1, 2021 *New Jersey Register* at 53 N.J.R. 1866(a).

	11/08/2021—Governor's conditional veto rcvd in Assembly. 1st reading in
	Assembly to concur with Governor's recommendations. 2nd reading in Assembly
	to concur with Governor's recommendations.
D	
Position:	Seek Amendment
Note:	Conditional veto is unacceptable. Governor asked that temporary nurse aides have
	until January 11, 2022 to complete the eight-hour course and work 80 hours under
	the supervision of a licensed professional nurse, They would then have until February
	16, 2022 to pass a State-approved clinical skills competency examination in addition
	to the written examination required in the bill. Governor proposed extending the
	deadline by which applicants must pass a background check until June 4, 2022.
